Stephen Ministry on Mother's Day

Today is a new day!! It is another blessing from God who provides all that we need. That is His promise to us. It is also Mothers' Day, a day to be thankful for those who have served as "mother roles" for each of us. It may be a grandparent, an aunt, a sister or friend, or someone you worked with who provided a model of love and security. It could be your own mother. For some, this brings back memories that are difficult to deal with. Know that the church is here to support and encourage you through our Stephen Ministry program of lay persons who will listen and provide Christian support during difficult times. You can find out more information by contacting Pastor John or one of the Stephen Ministry team. Look for their blue name tags at church.
